The Foundation expects to host over 300 people for this exciting event, which will include a varied wine and beer tasting, and a wide selection of delicious appetizers. This memorable night will benefit the Epilepsy Foundation of Michigan and will also include the chance for each guest to participate in a silent auction, a live auction, and enjoy live entertainment!

Epilepsy is the general term for a variety of neurological conditions characterized by recurrent unprovoked seizures. About one percent of Americans have some form of epilepsy, and nearly four percent (1 in 26) will develop epilepsy at some point in their lives.
