

CAMP  
DISCOVERY  
at  
North Star Reach  
a seriousfun camp

We are excited to continue our partnership we have formed between Camp Discovery and North Star Reach! The motivation behind this partnership is quite simple: doing what is best for kids with epilepsy and the volunteers that serve them.

North Star Reach is a member of SeriousFun Children's Network, founded by Paul Newman, that partners with organizations, such as ours, to serve children with chronic and life-threatening health challenges across the Great Lakes Region, free of charge.

**Camp Discovery  
"Epilepsy Camp"  
July 20 – 24, 2019**

Offered to campers age 7-15, this is a unique camping experience developed especially for young people with epilepsy. Camp will include many of the experiences you have come to expect like swimming, boating, fishing, arts & crafts, and "Ask the Neurologist," but with the addition of a few more like pontoon boat rides, adventure activities, cooking classes, and more!

**Teen Camp  
"Solstice Camp"**

**June 27 – June 30, 2019**

Offered to campers age 16-17, together with North Star Reach, we will be hosting a Teen Week camping experience that focuses on self-esteem building, empowerment, and transition to adulthood – in addition to the traditional fun camp activities. This camp is open to teens who have a variety of medical needs, including teens with epilepsy.
